

## ***Will I ever?***

Will I ever be a grown-up ?  
Will I ever stop feeling like playing make believes ?  
Will I ever walk by two?  
Will I ever be responsible?

They say one day you have to  
They say everyone settles down somehow  
They say your dreams are not getting anywhere  
They say reality will catch you

Will I ever lose my invisible friends?  
Will I ever stop feeling the magic?  
Will I ever get hurt ?  
Will I ever be serious ?

They say one day you have to  
They say everyone settles down somehow  
They say your dreams are not getting anywhere  
They say reality will catch you

Will I ever stop dancing in the streets?  
Will I ever go on like a ghost ?  
Do I want to ?
